**Notes:**
- Same-sex couple households are included in the family households category if there is at least one additional person related to the household by birth or adoption. Same-sex couple households with no relatives of the household present are tabulated in nonfamily households. "Nonfamily households" consist of people living alone and households which do not have any members related to the household. Nonrelatives include any household member not related to the household by birth, marriage, or adoption. This includes unmarried partners. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

**Hispanic/Latino persons can be of any race.

General note: For the groups shown on this page, their proportions of this area's total population of 118,296 are:

- Native American alone (0.6%)
- Asian alone (3.3%)
- Pacific Islander alone (0.0%)
- and Hispanic/Latino (13.4%)

**Note:** The proportions above may not sum to 100% due to rounding and potential misclassification.
