* Same-sex couple households are included in the family households category if there is at least one additional person related to the household by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner."

Note: (*) Tables with PERSONS as the universe enumerate persons according to their own race or ethnic category. (**) Tables with HOUSEHOLDERS or HOUSEHOLDERS as the universe enumerate persons in households according to the race or ethnic category of the householder. (***), Same-sex couple households are included in the family households category if there is at least one additional person related to household by birth or adoption. Same-sex couple households with no nonrelatives of the household are tabulated in nonfamily households. Responses of 'same-sex spouse' were edited during processing to 'unmarried partner.'
